“Capturing Fleeting Moments” – Jason Page

December 15th, 2009 [admin](#) [Leave a comment](#) [Go to comments](#)

JP is a friend, artist, and cinematographer and has always had an eye for capturing moments – this time with light painting, sans photoshop or any post-production effects.

Reminds my lazy, ADD self to act now and live in moments. His cube series pictured above is my favorite from him so far. Check for more of Jason's photo's at JasonDPage.com
